MANOJ R

Salem, India. 7904224995

manoraj1107@gmail.com **LinkedIn Profile** **Portfolio**

Highly motivated DevOps and Automation Engineer with a keen ability to swiftly learn and master new technologies. Known for proactively seeking innovative solutions and optimizing processes. Adept at tackling challenging tasks and committed to delivering excellence in dynamic environments. Seeking opportunities to contribute valuable skills and creativity to cutting-edge projects.

EXPERIENCE

12/2021 – CURRENT
SENIOR SYSTEM ASSOCIATE, INFOSYS LIMITED

Responsibilities:

- Proficient in end-to-end development and automation engineering. I have successfully developed a Service Portal using React.js and Node.js, automating ticket processes for DB restart, Web Application servers restart, and Patch Build and Deployment across Linux Servers.
- Experienced in Oracle, PostgreSQL, MySQL and MongoDB, I bring comprehensive knowledge in database administration, contributing to the management and optimization of DB systems.
- Specialize in Java Spring Boot, Hibernate, Apache Camel, and microservices. My proficiency extends to the efficient development and maintenance of Java applications.
- Expertise in Docker, I excel in the containerization and deployment of web applications, ensuring optimal resource utilization and streamlined deployment processes.
- Played a pivotal role in production support, collaborating with the Technical Manager to evaluate the feasibility of implementing roadmap features for releases. Provided valuable input on scope, quality objectives, and resource availability, proposing adjustments.

TECHNICAL SKILLS

- **Programming Languages**: Proficient in Java and JavaScript.
- **Application Servers**: Experienced with IBM WebSphere, JBoss, Apache Tomcat and WebLogic.
- **Containerization**: Familiar with Docker and Kubernetes (K8S).
- **Databases**: Skilled in working with Oracle SQL, PostgreSQL, MySQL, and MongoDB.
- **Scripting**: Competent in Shell, batch and Groovy scripting for automation and maintenance tasks
- **(CI/CD):** Proficient with Jenkins for automating build, deployment and maintenance processes.
- **Web Development Frameworks**: Experienced in Spring Boot, Hibernate, and J2EE.
- **Microservices Architecture**: Knowledge in designing & implementing microservices-based apps.

AWARDS RECEIVED

Honored with the **Going Extra Mile** Award for Best Performance at Infosys, acknowledging exceptional contributions and outstanding performance.

DECLARATION

I hereby declare that all the details provided above are true to the best of my knowledge.
